About me

Software developer with experience in web development. I have worked for more than 4 years in technology companies in backend and full stack developer roles. I am responsible and kind. I consider myself a communicative person willing to work in a team, efficient in the achievements, goals and objectives set by the company.

Relevant Experience

Full Stack Developer @ Notus SpA

Oct 2021 – Present // Santiago, Chile

▹ Write modern, performant, and robust code for a diverse array of client and internal projects
